PROFILE

- Bachelor of Computer Science (Honours).
- One year of on the job Web Development experience complemented with over six years of developing websites in my spare time.
- Deep understanding of JavaScript with experience in client side, server side and phone environments.

TECHNICAL SKILLS

Programming - Languages - <Libraries> - [Frameworks] - *Other*

- Several Years With: JavaScript (pure, <Ext JS>, <jQuery>, <underscore>, [Titanium]), HTML/CSS, Java
- Work Experience: Python, [Django], Ruby, [Ruby on Rails], JSP, [JSF], XML, JSON, [AJAX], SQL, HAML, SCSS, *Object Oriented Programming (Class and Prototypical)*
- General Experience: Node.js, [Express.js], C/C++, C#, Jade, Objective C, PHP, ZPL, Assembly

Back End - Servers - <Databases> - [Version Control]

- Several Years With: Apache HTTP Server
- Work Experience: <PostgreSQL>, <MySQL>, Apache Tomcat Container, [Git], [CVS]
- General Experience: <IBM DB2>, WEBrick

Environment - Operating Systems - <Editors/IDEs> - [Phones]

- Several Years With: Linux, Windows
- Work Experience: Mac OS X
- General Experience: [iPhone], [Android], Amazon EC2, <VIM>

WORK EXPERIENCE

2012 May - August Co-op Term 3

Web Developer, CanadaDrugs.com

Improved Panda, the internal web application. Panda manages the business from all of the pharmacy sites. Worked in an Agile Environment.

- Using HAML (HTML templating), JavaScript (lots of jQuery and AJAX), and SCSS, designed and updated many front end interfaces.
- Implemented server code in Ruby on Rails which connected to a MySQL database.
- Improved small HR application which had a Twitter Bootstrap interface and a Ruby on Rails back end.

Technologies: Ruby, Ruby on Rails, JavaScript (pure, jQuery), JSON, AJAX, SQL, HTML/CSS, HAML, SCSS, MySQL, Git, WEBrick, Mac OS X, Linux, VIM

2011 August - December Co-op Term 2**Web Developer, [Iders](#)**

Defined the Inventory Location Management (ILM) system architecture and user experience of the Iders Information Management (IMS) website.

- Designed the front end (client side) with Javascript (Ext JS library) and HTML/CSS.
- Implemented the back end server code using Django with a PostgreSQL database. Coded multiple types of devices including an Android phone and Zebra printer to provide and extract data from the ILM system.
- Improved efficiency of page loading and GUI function in addition to adding some extra features to the core IMS website.

Technologies: Python, Django, JavaScript (pure, Ext JS, [Titanium]), HTML/CSS, XML, JSON, AJAX, ZPL, SQL, PostgreSQL, CVS, Android, Linux

2011 January - April Co-op Term 1**Web Developer,****[Agriculture and Agri-Foods Canada](#)**

Redesigned and managed the back end of all the Rural Water Resources Planner website's tools using JSF, a Java based framework.

- Redesigned and managed the front end (client side) of the website using a mix of JSF, HTML/CSS, and JavaScript. Client side development mainly involved designing graphical user interfaces for the website's tools.
- Participated in defining user experience, page designs, software architecture and other web application essentials for the whole website.

Technologies: Java, JSF, JavaScript, HTML/CSS, XML, Apache HTTP Server, Apache Tomcat Container, Windows

2010 May - August**Crew Member, Wendy's****2009 June - August****Landscaper, Little Buds Tree Farm**

EDUCATION**2008 September - 2013 April
Manitoba, MB****University of**

- B.C.Sc. Honours Degree - Co-operative Option.
- Major concentration in Software Engineering.

**2004 September - 2008 June
Collegiate, MB****Westwood**

VOLUNTEER EXPERIENCE**2009 Winter Donation Assistant, Five Days for the Homeless****University of Manitoba, MB**

- Operated a donation booth with another person to convince people to donate.
- Assisted in handing out flyers to university students passing by.

**2007 - 2008 Council Member, Student Council
Westwood Collegiate, MB**

- Introduced original ideas for events as well as evaluated and discussed other ideas for events.
- Assisted in the organization and planning of events in the year.
- Also helped on the day of the events with event details.

INTERESTS

In my spare time I work on web projects, applying new technologies and ways of coding to help solve the problems I encounter. Currently, I am in the Winnipeg.js group.
